DR, DEWITT O. FRANKLIN,

John Bull's Scheme to Gobble Lower California.

The Plan Was to Drive Out All American Settlers,

Colonize the Peniusula With British Subjects and Then Establish a British Proteclorate Over the Country-The Englishmen May Be Given the Razzle-Dazzle in Consequence.

NEW YORK, June 16 .- A Hernld special from Ensenada, Lower California, says the English corporation known as the Mexican Land and Colonization company has adopted and put in force a policy with the object of driving every American settler out of Lower California. The company's idea is to colonize the peninsula with Englishmen, and establish a British protectorate over the country.

On July 17, 1889, a decree was issued by the Mexican government containing a list of articles that should be admitted free of duty into Lower California, for consul at San Diego. This certificate is forwarded to Ensenada, where the inspector of colonies keeps a register of "colonists." The policy of the English company has been to use its influence to keep the names of Americans from being

included in this list.

Its efforts in this direction has been so successful that the Americans were forced to organize what is now known as the American Colonists' Protective association. This association is now in a healthy condition, and is engaged in circulating a memorial which is being liberally signed by residents, and which will be presented to President Diaz through Gen. Torres.

The general asks that President Diaz revoke the grant made to the English company on the ground, among other things, that it has failed to comply with its agreement made with the colonists; also that they are convinced that the English have well-matured plans to involve the American colonists in a filibustering scheme for the purpose of creating a strong prejudice against Americans on the part of the Mexican government and people, with a view of securing the full confidence of the Mexican government and finally controlling the peniusula, thereby gaining a strong strategetic point on the Pacific coast for the British government.

ARMS FOR ENGLISHMEN Smuggled In and Burled Within Two Miles of Eusenada.

A Herald special from San Diego. Cal., says:

Among the arrivals Friday on the steamer from Ensenada, Lower Califorwere General Manager Lear, of the Mexican Land and Colinization company: Father Ubach, a Spanish priest, and Senor Francisco Espinoza, district attorney for the Mexican government of the northern part of Lower California. Mr. Lear said he was en route to London. It is understood that he returns on orders derived from Sir Edward Jenkiuson for the purpose of talking over the situation.

Father Ubach is a priest from Barceona, and is the reputed agent of the church party. He states that the affi-davit of the stewart of the steamer Carlos Pacheco has been taken, going to prove that rifles were some time ago smuggled into Lower California by and with the consent of the English company: that guns are buried within two miles of Ensenada, and are there yet unless they have been removed by the company or its agents.

Senior Espinoza is en route to the City of Mexico, and carries with him a sealed message from Governor Torres to President Diaz.

The Report of a Threatened Invasion Into Mexico from Texas.

CITY OF MEXICO, Juno 16.-Very little credence is given here to the numerous reports of threatened invasions into Mexican territory from Texas.

One of the names mentioned in con-nection with these invading schemes is that of Gen. Ruiz Sandoval, who is now at Laredo, and who was expelled from Mexico a few months ago on account of his revolutionary proclivities. President Barillos, of Guatemaln, would be pleased to cupture him as would also the Colombian government. His life has been one of constant intrigue, and if any revolutionary movement is contemplated, it is safe to say he has a hand in it.

"GOD HAVE MERCY."

The Last Words Spoken By a Cannck Wife Murderer on the Scaffold.

LONDON, Ont., June 16.—Henry Smith, who murdered his wife on Feb. 18 last, was hanged at 8:13 Friday morning.

Promptly at 8 o'clock Smith was conducted from his cell to the scaffold, supported by four sheriff's deputies. A short prayer was said by one of the attending ministers, during which the executioner adjusted the black cap, and at 8:13 the rope was cut and Smith launched into eternity. There were but

twenty within the court yard. On the way to the gallows the condemned man appeared weak and trembled, but his faco wore a culm expression. As the hangman adjusted the noose before putting on the black cup, the poor fellow groaned and shook and

ceased to beat. Death resulted from

nis neck being broken.
Smith murdered his wife in a drunken frenzy. The evidence on which he was condemned to death, however, was purely circumstantial. A confession made to his spiritual adviser by the prisoner was read, in which he acknowledge having killed his wife, and hoped his fate would be a warning to all who were addicted to drink.

CHARGED WITH TRAIN ROBBERY. Three Men Arrested for the Recent Texas and Pacific Job.

TEXARRANA, Ark., June 16.-John Williams, Napoleon McDaniel and James Radcliffe have been arrested, charged with being the men who committed the recent train robbery near here. These arrests cause great excitement, as these men are well known and have hitherto born good reputations.
Williams is a well known detective, and McDaniel an ex-policeman. A coat gave the clew which led to the arrest.
Officer McGraw found a coat near the scene of the robbery, and while on his way to town with it, he met Detective Williams who took the coat and said it

mnounted to nothing as a clew.

This was told to the sheriff who immediately searched Williams' rooms and found a vest that matched the coat. Williams was then arrested. He owns a plantation in the country, and the effects, prepared only from the most the use of the colonists. To prove that healthy and agreeable substances, its one was a colonist, it is necessary to many excellent qualities commend it secure a certificate from the Mexican who, he said, had shot himself by accident. This was Radcliffe, who is badly wounded and cannot recover. He is in jail. The evidence against the prisoners is regarded as overwhelming.

SULLIVAN TO PLAY LOVER.

The World's Champion Pugillat to Star on the Stage Next Season.

NEW YORK, June 16 .- John L. Sullivan will next season become a real star in a drama which Duncan B. Harrison is writing for him. He will have a good many lines to speak, and among other things he will have to make love to a pretty girl. His drama will be replete with interesting situations, exciting climaxes and special features, among which will be the shoeing of a live horse before a real forge in full view of the andience.

John will assume the role of a blacksmith's helper, and Harrison will appear as the "smithy." Both of them fall in love with a sweet, pretty girl, and the blacksmith is driven almost to frenzy when he discovers that the girl's heart leans a trifle towards his handsome assistunt. He then challenges the favored one to a fistic encounter, and both agree that the victor shall marry the fuir damsel who has caused all the trouble. Duncan B. Harrison is a pretty big man and can box a little, but of course he will make a poor showing with the big

NITRO-GLYCERINE LETS GO. Works Near Finding, O., Demolished.

Shocks Felt Forty Miles. TOLEDO, June 16 .- A slight earthquake shock of about ten seconds duration was experienced here at 2:30 a.m. Saturday. Its course was apparently from north to south and it gave out a low rumbling sound. No injury was done, although windows rattled and buildings vibrated. The phenomena occurred at a time when the weather was hot, cloudy and oppressive.

LATER-It has developed that the supposed shock of earthquake was caused by the explosion of the nitro glycerine works of Costerline & Company, situated about four miles northeast of Findley, about forty miles from Toledo. The works were totally demolished, but fortunately no lives were lost. The cause is a mystery. Loss about \$40,000.

FORNINST ORIGINAL PACKAGES. An Agent al Fort Dodge, Iowa, Closes Up and Skips Out.

FORT DODGE, Iowa, June 16. — The citizens of Dayton, Iowa, have taken the suppression of the "original package" business into their hands. A couple of weeks ago a branch of this industry was established there. Although the town is strongly in favor of prohibition no effort was made to check the new legalized traffic until a 5-year-old boy was seen toddling around the street in a state of intoxication. Then the citizens arose in their might and told the original package man he must go. The agent thought it not wise to disobey the order, and has closed up his place of business and taken his departure.

HALE INDICTED.

He Will Have to Stand Trial for Shooling Engene Cowles.

MONTREAL, June 16.-Judge Desmoyers committed Hale to the grand jury, now sitting. It was true, the judge said, that the accused might, owing to recent threats made by Cowles have considered his own and his sister's lives in danger, but in view of the fact, that the parties had no difficulty in the cab on their way from the hotel, and that the only recent provocation, if it might be called one, was that the cab did not stop in front of the convent, there was no justification for the shooting. The grand jury brought in a true bill against Hale.

WASHINGTON, June 16.-A statement has just been received as to the number of steamships that entered the port of Rio Janeiro during the year beginning Dec. 1, 1888, and ending Dec. 1, 1889. The total number was 725, of which fifteen flew the American flag.

"If the present American line were so

subsidized that they could put on, say, four new and fast steamers and another line an equal number so as to secure weekly sailings. I believe in a few years our trade here would far exceed that of all Enrope put together.
"I have examined this matter very

closely, and in my views by no process outside of that can we hold permanently our commercial status, much less gain foothold in the sule and disposal of our accumulating and surplus products.

"In the connection let me further say that our lines should be extended at once to the Argentine republic, which, with its immense resources, is now commanding the attention of the European world. Not an American steamer enters the water of the Plata, where those of all other nations enter and de-

The Brazilian government has been paying a subsidy to the American line, but it is not likely to do so much longer. The wage-workers of the country should interest themselves in this matter, for an increased foreign trade would mean the employment of more laborers.

MR. WALKER, a Republican Congressver bill recently forced through the House by Speaker Read and his backers as a measure "dangerous to the public interests." Mr. Walkerought to know by this time that the crowd who are running the House now are running it in the interest of their party and not in the interest of the public.

The county levy this year is 32½ cents on the \$100. Next year there will be no levy for the jail fund, and a reduction of 5 cents on the turnpike levy, so that the 15 cents to be voted on for school purposes will not increase the county levy beyond 321 cents. This is taken from the statement of County Court Clerk Ball before the Court of Claims when the present levy was made.

At the Congressional election in Louisville, 1886 the Courier Journal charged that Burton Vance used his position as Supervisor of Elections to secure votes for A. E. Wilson, the Republican nominee. Vance sued the Courier-Journal for \$50,-000 for libel, but the case was decided against him Saturday on the facts. It's a good idea to keep a close watch on these Republican Supervisors of Elections.

INFORMATION comes from Frankfort that Governor Buckner will advance money from his private fortune to meet all demands against the State until the depleted treasury is replenished by the payment of this years' taxes. There are, and 21 mission stations, with 4,200 is already a deficit, which will reach \$50,-000 by July 1, but the Governor comes to the rescue and will save the State's credit. He has already advanced \$10,000.

The "raid on the treasury" is assuming alarming proportions. If you doubt it, look at this: In the course of some remarks on the conference report on the Urgent Deficiency Pension Appropriation bill, Representative Henderson, of Iowa, in the House Thursday, made the following statement of the appropriations made by the present House for the benefit of the soldiers: Regular pension bill, \$98,427,461; Urgent Deficiency, \$21,-613,009; Soldiers' Home (deficiency). \$81,600; artificial fimbs (deficiency), \$60,-000; pay and bounty claims, \$1,123,629; Soldiers' Homes, \$2,601,765; aid for State Homes, \$400,000; artificial limbs, \$402,-000; pay and bounty claims, \$680,000; expenses pension office, \$2,439,150, records and pention division War Dep. 14ment. \$507,270; set for total helplessnes, \$45,000; sen ra 1 n i nact \$15,000,000; ~167 1.9 731.

When nominations were declared in order the first call of the countles brought forth no response, through some misunderstanding. This was Smith's opportunity, and he seized it. No sooner had the secretary concluded his fruitless call of the counties than Smith bobbed up serenely from the first row of seats, and in a voice loud enough to be heard all over the hall, said: "If nobody else want's the nomination I'll take it. CmcAGo, June 16.—The introduction of the cable system on the West Side hids fair to bring with it a general strike among the employes now operating the horse cars on the West Chicago street roads lines. It is said that many of the men thus employed are not qualified to do the service required on the grip cars and will probably be removed. The company asserts its determination to get the best men for grip service, and will put none to work who do not show particular intelligence in their duties. The employes are organizing and inthought that a strike is inevitable.

### A Sapposed Shakespeare Table.

A very interesting piece of furniture has just been added to the museum at Shakespeare's birthplace—an old oaken table said to have belonged to Shakespeare's family and to have been in use in the poet's day. It was only discovered a few days ago, and one's examination of it on Saturday was practically the first inspection to which it has been submitted. It is a low round table, with raised edge, standing on a stont center leg with three toes. The top has evidently been beeswuxed for centuries. On the under surface of the table two letters (J. W.) appear. The old Stratford families whose surnames begin with W are leglon. Shakespeare had cousins named Webb, but the records do not allow any of them a Christian name needing 1 or J. The information on which the table was purchased is to be found in a statement ninde on oath before Mr. Lloyd Candwick, Warwick. This gentleman, who is 80 years of age, states that when a boy he remembers the table being in the possession of his grandmother, and he often heard it spoken of by her and others. She bought it from a woman who purchased it at the sale of Shakespeare's house in Henley street, Stratford-on-Avon, and it was always known in the fantily as Shakespeare's table.—Birmingham Ga-

The Meeting of Socialist Democrats at Berlin.

The Kaiser Criticised for His Labor Rescripts.

They Demand an Unrestrained Share in the Government of the Empire, and Say It Cannot With Safety Be Denied Them. Asiatic Cholera Reported in Spain. Other Foreign News Notes.

BERLIN SOCIALISTS

Hold a Meeting and Censure the Emperor for His Labor Rescripts.

London, June 16. - An enormous meeting of the Socialist Democrats was held in the Volksfrancrei at Moabit, a suburb of Berlin. The immense building was packed to suffocation and thourands were unable to obtain admission and held overflowing meetings near by. The meeting was a very exciting one. The speakers freely criticised the Socialist and labor policy of the emperor, and the meeting finally passed a resolution censuring the kaiser for his labor re-scripts. The day was past, the resolu-tion set forth, when Germany could be governed by rescripts. The people demanded a full and unrestrained share in the government of the empire, and said it could not be with safety denied them. The meeting was very noisy, but otherwise was orderly.

THE POPE'S PREDICTION.

Society Warned of Its Indifference to the Church.

ROME, June 16.—The pope predicts that great punishment will fall upon society by reason of indifference to the church. He said to visitors at the "The Lord will come no Vatican: longer with a sweet and peaceful face, but with an angry one, to strike and purify his church. I am neither a prophet nor the son of a prophet, but I feel in my heart the presentiment. A sea of evil is about to beat against the rock on which the church is founded, and nothing will be seen on the horrizon but the threat of the anger of God. Prayer will not suffice to appease the Almighty."

Dissident Liberals.

LONDON, June 16 .- A meeting of dissident Liberal members of parliament was held Friday. The session lasted for two hours. Lord Hartington said he was of the opinion that the proposals made by Lord Salisbury, looking to the forwarding of parliamentary business, were the best means to meet the existing difficulties. He waged the dissident ing difficulties. He urged the dissident Liberals to give their undivided sup-port to the government. A long discussion followed. A resolution was finally adopted declaring that the dissident Liberals would support the gov-ernment, though much opposition to the resolution was developed during the discussion.

Vienna Bakers.

The master bakers of Vienna, a few days ago, in order to avert a strike, increased the wages of the journeymen. Though the increase was not as great as the men demanded, they were satisfied and remained at work. Friday the masters reconsidered their action and announced to their employes that the wages would remain the same as before. This action is resented by the men and a strike is regarded as certain.

A HUGE RAFT.

To Be Towed from New Brunswick to New York. New York. June 16 .- Two tugs left

for St. John, N. B., on Tuesday to take in tow another mammoth raft consigned to James D. Leary, of this city, who was the owner of the famous Jogging raft which broke away from the steamer Miranda during a storm in December. 1887. The timber of which the new raft is built was cut just back of St. John, N. B. The raft is in seventeen cigar-shaped sections, each 100 feet long, 25 feet deep and 85 feet wide. It will be bound together with chains. making a structure 1,700 feet long, and the sections will be detachable to lessen the danger of the loss of the whole raft

It will take between fifteen and eighteen days to get the raft to this city. It contains 400,000 feet more lumber than the Jogging raft carried.
